BARBOURVILLE, KY., FRIDAY, JULY 30, 1920

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

OBSTINATELY REFUSES TO STAY DEAD

On Tuesday Mrs. Read P. Black received a beautiful wreath to be laid on the grave of her husband, Sheriff Read P. Black, who is reported dead in some of the adjoining cities. It is believed he got killed in a fight in two or three different places, but the truth is he is very much alive and on to his job.

Those of his friends who were condoling will be glad to send him "flowers" in the shape of congratulations that he is still in the land of the living and doing good work as four arrests today testify.

How the reppie originated, he is unable to say but he likes Knox Co., Ky., so well that he will not leave it until he has to.

We expect to hear it given out next week that he is really dead but refuses to quit Barbourville until he learns the outta hand.

AIRPLANE IS SMASHED

While testing out the magneto of the new airplane which he had pronounced defective, Captain Beaver proved his objection Saturday afternoon. When about fifty feet in the air the magneto failed to work properly and the machine headed into a fence. Five feet either way would have resulted in no damage to the plane but as it was the wings and linen were badly torn by the wire fence, the aviator was not hurt.

Capt. Beaver says there is practically no danger under such circumstances and but for the fence being in the way, the machine would not have been damaged.

We did not get the information from Capt. Beaver, but we learn that while flying over the German lines in France, his observer was shot dead and his machine so damaged that it would no longer fly, yet, although 5,000 feet in the air, the only injury he received when he brought the plane to earth was a broken leg which well illustrates that flying is a safe sport.

The machine is being repaired and a proper magneto has been ordered.

DR. L. E. CURRY WELCOMED

On Tuesday night the ladies of the Baptist Church did a very graceful thing when they asked the citizens to meet them on the campus of B. B. I. bring along some supper and join in greeting Dr. and Mrs. L. E. Curry, of Pleasantville, Ky., who have arrived to take charge of the Barbourville Baptist Institute. After plentiful "eats" Dr. R. L. Creal called on Hon. Caleb Powers who told of the difficulties of securing an education in the earlier days of this section and paid a tribute to the men who had surmounted this handicap and had gone forth and made good.

Gov. J. D. Black and Hon. J. M. Robison also made excellent talks. Dr. Curry expressed the pleasure of himself and wife at the warm reception accorded them and promised to do his best for education within the sphere of his own influence. Dr. and Mrs. Curry are charming people and will be a valuable addition to our citizenship.

WORK TO BEGIN NEXT YEAR

Work on the proposed new system of State highways in Kentucky will not be begun until the spring of 1921, according to an official notice given County Judge Bullock, of Fayette County, by State Highway Engineer, Jos. S. Boggs, the first of the week.

State Highway Engineer has sent out notices to all County Judges and County Road Engineers to the effect that lack of finances and the need of proper time to reorganize the State Highway Department would prevent activities being launched until next spring. Until then Mr. Boggs states that the work of the State Road Department will be confined to carrying out the present State and Federal contracts and the letting of new contracts as have heretofore been financed by the counties themselves. —Pineville Sun.

TRUCK CAN CUT COST OF BREAD

A mighty factor in lowering the cost of flour is in prospect with a fuller development of the ship-by-truck movement among mill operators and wheat growers, its advocates declare.

They point out that already by the use of the motor truck many millers in the northwest are hauling directly to the mill from the threshing outfit in the field, thereby purchasing at from two to five cents below "mill door" price. They cut their own hauling cost in many instances by carrying flour and feed to the farmers in the trucks going after his wheat. At the same time they build up their sales to the farmer.

Time and labor saved in handling wheat is an economic influence that affects every one of us, the Firestone Ship-by-Truck Bureau, of Akron, O., points out in a recent bulletin. "It reduces the cost of one of the most important food staples. Development of the ship-by-truck idea among millers and farmers should aid the housewife and baker in producing a larger loaf of bread for the same cost or in reducing the cost of the present loaf. Farmer, miller, baker and consumer share in this saving."

Near Sacramento, California, 7 3-ton motor trucks replaced forty-five teams in moving the wheat from a 23,000 acre farm. Here the problem was largely a matter of labor. The truck drivers are paid higher wages individually than teamsters. Seven men, however, did the work of forty-five. The crop was moved promptly to the mills, something which would otherwise have been impossible. Other sections report the same general benefit from the use of trucks.

In Norwalk, O., a small flour mill enjoys a lively trade with grocers within a 25 to 30 mile radius by using motor trucks. A thriving business was re-established after the mill had been out of operation for several years. This mill has proved especially successful in stimulating wheat production in the community by furnishing an active local market. Many other mills throughout the country are helping to reduce the cost of production and distribution by truck transportation.

SUNDAY SCHOOL CLASS WILL PRESENT MOVIES

Moving pictures will be shown for the first time in Knoxville on Sunday morning at a Sunday School class meeting. "A Little Bit of Heaven" to be shown at the Harvest Reapers class of the First Methodist Episcopal Church. Special music will also be furnished by a male quartet. The public is invited to be present.

John B. Gates is the teacher of the class which numbers 125 young men and women. It is said to be one of the liveliest and most up-to-date classes in the city. —Knoxville Sentinel.

It will be remembered that Mr. Gates formerly lived in this city and was active in Sunday School and Church work.

A CHAUTAUQUA ASSOCIATION

J. Efron, O. D., has presented us with a clipping taken from the Carlisle, Ky., newspaper which shows that city made a profit of \$221.28. The expenses under the Redpath system were \$8.00 as against \$300 to \$400 for previous years.

This is an excellent showing and by the united effort of our people we can do as well. The Chautauqua is an uplift to every community it visits. The injection of fresh ideas is beneficial. We are all inclined to stagnate more or less intellectually unless we meet fresh currents of thought. The Chautauqua supplies these as well as healthful fun, good music, readings, etc.

We have a fine body of men back of the Chautauqua and these, with others who wish to do so, should form a Chautauqua Association. Let us get together and after a chaw-talking, start such an Association.

A. M. Decker, Sr. is respectfully initiated into the job of organizer by the Advocate.

LUNCHEON

Tuesday of last week Mrs. Read P. Black gave a luncheon with Mrs. Charles Baker, Jr., of Chicago, as guest of honor. Those present were: Mesdames Charles Baker, S. T. Davidson, C. P. Kennedy, C. F. Rathfon, John A. Black, Read P. Black Ray Newitt.

KILLED—SAVED SISTER

Miss Bertha Lynch, 16 years of age, was killed at Mingo Mines last Thursday. Her three year old baby sister was on the incline car track. She noticed her just as the coal car was descending the incline, and in saving her baby sister she was caught by the car and killed. Her father was operating the incline. The remains were taken to Knoxville for burial. —Three States, Middleboro.

IN MEMORY OF LEE JACKSON

It is with deep regret and a sorrowful heart that I attempt to pen this obituary on the life of my friend and brother, Lee Jackson, who departed this life July 16th, 1920, at his home in the city of Flat Lick, Ky where he was born Jan. 3rd, 1870. He leaves an aged mother, one sister and five brothers. Mr. Jackson was converted to the Christian religion and baptized into the Baptist Church in early life and remained a member of that body until his death.

He was married to Mrs. Mell Amis the widow of Ruben Amis, who had four orphan girl children. Be it said to his credit Mr. Jackson became a father to these children, brought them up right, providing for them and surrounding and protecting them with that fatherly care that was characteristic of the man. Of this union with Mrs. Amis was born two children, a boy and a girl and these, like the older children, received his attention and care until his death. All of the children join in testifying to his worth as husband and indulgent father.

"Lee" as he was familiarly known by his friends, was a big hearted, accomodating man and no person ever called on him in need and was turned away empty if it was in his power to gratify their request. He was a liberal giver in support of his church work and all benevolent lines of duty.

At the time of his death he held the position of post-master in his home city and the patrons of the office join in complimenting his faithful service as a public servant.

Mr. Jackson, like all other men, had his human weaknesses but down in his heart dwelt the true manhood that made him what he was and when overtaken in a fault he was ready and willing to acknowledge it and make amends for the wrong to the extent of his ability. He never lost sight of the fact that the great heart of God throbs with forgiveness for his wayward children.

As death approached he was asked by his daughter if he was ready to die. His answer was, "All is well with me. I am ready to go when called."

A short time before his death he was married a second time to Miss Shavis, of Flat Lick, who survives him. In his decess his family has lost a faithful husband and father and his neighborhood a good servant.

At the close of the funeral exercises he was laid to rest in the family cemetery beside his wife who died a few years ago, the order of the I. O. O. F. having charge. There we committed his body to the tomb, his soul to the God who gave it to await the resurrection call. "Come up higher."

J. H. BLACKBURN.

BARBOURVILLE AERO COMPANY

A number of our citizens went up in the air recently and since then the force of gravitation has been scorned and an Aero Club has been formed.

Captain W. Beaver, formerly of the British army with five years service behind him, has been chosen as pilot. He and Mr. Burton have gone for a second airplane. (It is no longer good form to say aeroplane.)

Mr. Burton is a skilled mechanic who served in France and received prizes for his technical knowledge. Among other feats which gave him a prize was the detection of engine trouble while his eyes were blindfolded, his ears alone enabling him to tell what was wrong.

It is certain that should the U. S. get into another difficulty the country, thru its Aero Clubs, will be able to furnish all the necessary pilots.

Officers of the company are: President, C. P. Kennedy. Secretary and Treasurer, C. G. Cole. Stockholders, nearly everybody in town.

TOO HOT TO MOVE

We have changed our mind about going to Arizona for a vacation. We received a letter from a friend there the other day in an effort to show how hot it was he wrote: "Saw a dog chasing a jackrabbit and they were both walking." —Harlan Enterprise.

BIG COAL CORPORATION

Announcement has been made of the organization of a \$10,000,000 corporation, the Virginia Coal & Coke Company, with offices in New York and Roanoke, Va.

It is planned to develop 70,000 acres of coal lands in Letcher, Perry and Pike Counties, most of which lies along the L. & N. and C. & O. railroads. Branch lines of road will also take other properties and open it for development. Much of the development will be launched this year it is stated. —Harlan Enterprise.

Revenue officer C. L. Whifrey and deputies Wednesday seized the still said to have been operated by John Griffey who was killed by officers last Friday night. When Griffey was killed his team of mules were taken and under the law liable to confiscation, but Griffey's widow agreed to turn up the still to the revenue agents if the mules were returned, and Wednesday's proceedings were a part of this agreement. —Harlan Enterprise.

VADER MAKES GOOD

V. C. McDonald, Secretary to the Board of Compensation, is a standing refutation of the Democratic claim that only those who have been in office for a long time and are trained in the work, can take care of the duties. Some of our Democratic brethren declared that no one except the old Secretary of the Board could do the work, and insisted that he should be retained, but Mr. McDonald assured those who doubted that he could deliver the goods, and he has demonstrated that he can, for he has not only kept up the work but has made many valuable suggestions and systematized the office. Though only in the office a few weeks McDonald is the best and most efficient Secretary who ever served the Board. Another demonstration of Republican efficiency. —Kentucky Republican, Frankfort.

SHERIFF READ P. BLACK GETS BUSY

George Brown, Floyd Brown, Dan Wheat and Estill Gray were arrested this week charged with various offences. Sheriff Claude Scott, assisted by Sherman Bowles and James Shorter made the arrests. Sheriff Read P. Black has determined to put a stop to the storebreaking, chicken stealing, bootlegging and other crimes alleged to be going on in the Stinking Creek section. While making these arrests the officers found time to locate and destroy a moonshine still, which contained 300 gallons of beer and four bushels of mash.

COULDN'T WALK UP AND DOWN STAIRS

Louisville Woman Is In Fine
Health Now—Is Grateful
To Tanlac

"It was five years ago," said Mrs.
Mattie Martin, of 1710 Owen St.
Louisville, Ky. "that Tanlac restored
my health and I am still feeling
strong and well.

"Since that time Tanlac has been
has been the favorite medicine with
my family. We all take it occasion-
ally and it keeps my children's
cheeks red and rosy. In fact Tanlac
has been such a fine thing for us
all that you might call us a regular
Tanalac family.

"I was in a nervous run-down con-
dition and for six months before I
began taking Tanlac I was so weak I
couldn't walk up and down the steps.
In fact I was almost a complete nerv-
ous wreck, couldn't sleep at night
and even the children playing
around would nearly drive me dis-
tracted. I had no appetite, and as
fond as I am of certain kinds of vege-
tables, I couldn't eat them, be-
cause my stomach was in such a bad
condition. Nothing agreed with me
and I felt so bad that life seemed
hardly worth living.

"But my troubles soon disappear-
ed when I got Tanlac, and six bottles
made me feel like a new person. It
built me up and strengthened me
so I could do my work, something
I had not been able to do in months,
and I am just as strong and well to-
day as one could ask to be. I sleep
well at night, eat anything I want,
do all my cooking, ironing, house-
cleaning, and take care of my four
children without any trouble at all.
Now when any of the family com-
plains of feeling bad I start them on
Tanalac and it soon sets them right.
I have found it a perfectly grand
family medicine and I can sincerely
recommend it to everyone, especial-
ly those who are suffering as I did."

Tanalac is sold in Barbourville by
the Cut Rate Drug Co.; in Artemus
by J. G. Haskins; and in Perman by
N. J. Faulkner & Co.—Adv.

FRANKLIN EFFICIENCY

A driving contest was held for women automobilists at the 1919 Minnesota State Fair, and against a field of 75 other contenders, Miss Frances E. Mix with the Franklin Sedan was an easy winner.

The tests, which were made before a grandstand audience of 40,000 people, consisted of going forward, backward, turning, stopping on a line, and every other maneuver that the judges could devise.

Ease of manipulation determined the scores very largely and the Franklin with its very few levers and controls and its ready response to the slightest pressure on the break or throttle, permitted Miss Mix to remain seated quite naturally and direct the car exactly as the judges indicated.

Miss Mix had only to turn a button, and the engine started; she had no spark lever to bother her; because of light weight, combined with the Franklin type of steering gear and service break, the car was responsive to the slightest touch, and Miss Mix emerged from the contest the owner of the beautiful first prize cup.

Women Who Suffer

Should find relief from their sufferings by taking the woman's temperance Tonic and Nervine, which has helped so many women, some of them right in your neighborhood. When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago, which has helped many thousands of women in this country. It is called Dr. Pierce's Favorite Prescription and can be had in every drug store in the land, in tablet or liquid form.

FRANKFORT, Ky.—"After motherhood I had such miserable health for two years that I could not get around to do my own housework, most of the time I had to keep to my bed. My back ached and my nerves were in a terrible state. I doctored and took every medicine that was recommended to me, but it was not until I took Dr. Pierce's Favorite Prescription that I located the right medicine, and it very promptly relieved every symptom of feminine trouble, and eventually restored me to perfect health." Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and loins and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA.

You can buy PE-RU-NA anywhere in either tablet or liquid form.

Take Care of Your Eyes

The Relation of Your Eyes to Your Body

Do not make the mistake of thinking of your Eyes as tho they functioned entirely independently of the rest of your body.

The organs of the human body are interdependent, each one affecting and being affected by the activities of the others.

This explains why Eyestrain often has far-reaching and serious effects. If the Eyes are being used under improper conditions the resulting strain will not be confined to the Eyes themselves, but thru the nervous system may affect organs as remote as the stomach.

If You Have Any Indication of Eyestrain—Pains in or about the Eyes, headaches, Nervousness, disinclination to use the eyes steadily—Do Not Neglect Them, but have an Authoritative Examination made at Once.

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We came in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.

OH! MY BACK

Sufferer in Barbourville
The Expression of Many a Kidney

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Barbourville proof:

Tyre Lawson says: "I suffered with my kidneys off and on for twenty years and was down for weeks at a time, suffering with my back. The pains almost drew me double. I could not walk straight and often had to lie down to rest my back. I could not lift anything or do any kind of work and had to give up my job. Doan's Kidney Pills cured me making me sound and well. I have had no backache or other sign of kidney trouble for years."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lawson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days... I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go... I suffered awful with a pain in my back and I had the headache all the time. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle... I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.
